Ms. Wendy Hawthorne
Northeast Denver Housing Center
1735 Gaylord Street
Denver, CO 80206

Dear Wendy:

Enclosed please find a draft work plan which describes procedures EPA will follow when performing home investigations in the Vasquez Boulevard/I-70 Site this summer in support of the "Kids at Play" Health Survey. We plan to perform the investigations as a pilot study in support of the design of a full scale Community Health Program currently being considered by EPA as part of the Superfund response action at the Site. I'd like to offer you an opportunity to review the pilot study work plan to ensure that EPA will collect information that is readily useable by your organization.

I look forward to your comments and suggestions. I'd like to schedule a meeting during the week of August 19, 2002 to discuss your comments and those of the Denver Department of Environmental Health on the document. I will contact you soon to coordinate a date and time that is convenient.

Thank you for your assistance. Please call me at (303)312-6579 if you have any questions.

Sincerely,

Bonnie Lavelle
Remedial Project Manager
